Bridal and Engagement Portraits are less expensive when combined with wedding coverage. Both are taken **on location** wherever you desire in Salt Lake County. We also photograph at Thanksgiving Point for an additional \$75 fee.

* If you add Bridal or Engagement Portraits to a wedding package, the negatives are only included if your package also includes the negatives. If your package does not contain negatives, and you later purchase the negatives for the wedding coverage (\$250), you will then receive all the negatives (including Bridals and/or Engagements, and the wedding negatives). Or you may just purchase the negatives for Bridal and/or Engagement for \$50 per shoot. That \$50 will also go toward the purchase of the wedding package negatives.

** Bridals and/or Engagements purchased without a wedding package include the negatives. You will receive all of the high-resolution images on a CD.

All Bridal and Engagement Portraits include:

- An online gallery of the best 100 images
- A CD "catalog" of all images taken
- 30 - 4x6" printed proofs

And if your package includes the negatives:

- All of the high-resolution images taken at the shoot

About 200 images or more will be taken per shoot
